

Permit to Take Water Database

Identification info

Title: Permit to Take Water Database

Alternate title: PTTW Database

Abstract : The amount of water taken by permit holders each day for each source listed in their permits. Permit holders are legally required to record how much water they take each day. The Permit to Take Water Database contains information collect from the Ministry of Environment's Permit to Take Water Program. Under this program the Ministry issues permits for water takings that exceed 50,000 Litres a day in accordance with the Ontario Water Resource Act. Full details can be found on the Ministry of Environment's Permit to Take Water Website.

Purpose: The provincial Permit to Take Water Database is used to help protect Ontario's water supplies and to ensure the fair sharing, conservation and sustainable use of the water for all Ontarians
